Adjustable Safety Disconnect Coupling

The safest decision you can make

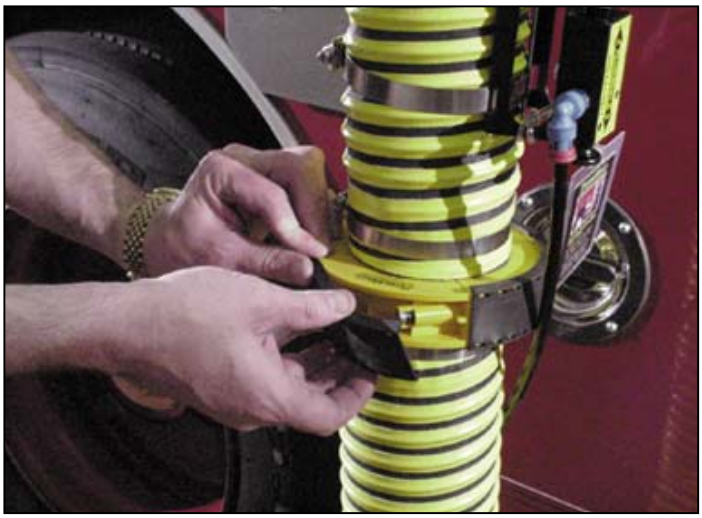

PlymoVent has developed a new adjustable Safety Disconnect Coupling. The new design allows different settings of release force suitable to all applications.

The safety disconnect coupling is to protect your investment from unexpected work place events, such as when a service technician forgets to remove the exhaust hose from the vehicle before moving it. The safety disconnect coupling will automatically separate to protect the vehicle and your exhaust system.

- Fully adjustable from 60 kg/132 lbs to 90 kg/200 lbs
- Soft cover will not scratch vehicle
- Easily snaps back together

TECHNICAL DATA

Adjustable safety disconnect coupling

Prod. no.	Dimension	Weight
SDCA-75	75 mm/3″	0.4 kg/0.88 lbs
SDCA-100	100 mm/4″	0.4 kg/0.88 lbs
SDCA-125	125 mm/5″	0.5 kg/1.1 lbs
SDCA-150	150 mm/6″	0.5 kg/1.1 lbs
